District Quarterly Assessments (ELA, Math, SS, Sci)				12.5	8.75	13.75	13.75	20	20							Due to teacher feedback, we have extended the time allotted to quarterly assessments to 75 minutes per student for some assessments; we will revise them in the future to reduce the time needed; since completing the review, we have reduced the number of quarterly assessments for 4th and 5th grade students to 11 for the year; Grades 2 & 3 were not systemic initiatives at the time of this report. Grade 2 is not a quarterly assessment.
District Quarterly Assessments (ELA, Math, SS, Sci, World Language)										25	25	25	25	25		Due to teacher feedback, we have extended the time allotted to quarterly assessments to 75 minutes per student per administration; we will revise them in the future to reduce the time needed.
District Final Exams (all courses)																District quarterly assessments in the core content areas take the place of final exams; all other final exams are created by the teacher and are not district mandated; this row should be eliminated as all mandated "final exams" are accounted for in the row above (per policy approval for 2016-2017).

The county-wide pacing exams are given an average of 5 times per each course of English, Mathematics, Science and Social Studies. The exam is approximately 30 minutes in length. Therefore, the calculation should be as follows: In Grade 9, 4 courses x 5 exams x 30 minutes = 600 minutes. In Grades 10 and 11 it is the same. In Grade 12, it is calculated at 3 courses x 5 exams x 30 minutes = 450 minutes. (Social Studies not required in the senior year.)

We combined the high school assessments across the content areas to capture all final and mid- term exams based on the number of classes that a student takes each year rather than trying to capture individual courses. We believe that this method of viewing high school assessments more accurately indicates time spent on assessments.
