

Ethics: Pre-reading Assignment

Attached are two readings that may help you to prepare for the activities on Thursday, Oct 6th.. At that time we will hear from Dr. Steven Gross, nationally-renowned and recognized expert on educational ethics, who will speak about his approaches to resolving ethical dilemmas through the application of Multiple Ethical Paradigms and Turbulence Theory. After a presentation explaining his approaches, Dr. Gross will lead us in a series of activities to illustrate them as well as to provide practical applications to the ethical dilemmas faced by principals in the school house.

One of the readings is a review of Dr. Gross's book, *Ethical Educational Leadership in Turbulent Times: (Re)Solving Moral Dilemmas*; the other is a selection from the preface and early chapters. The latter reading is abridged, with pages omitted to adhere to copyright laws; however, it will still give you a good introduction to the subject at hand.
