Introduction

The Maryland State Department of Education (MSDE) in accordance with the Annotated Code of Maryland, Education Article §2-205, is required by law to collect enrollment information for all non-public schools in the State of Maryland. This information is used by various entities in their decision-making processes for allocating funds to non-public schools. However, it is important to note that the data collected is self-reported and is not subject to a thorough verification and audit process.

The MSDE Division of Assessment, Accountability, Performance Reporting & Research used an internet-based survey tool to collect this data. Beginning with the 2009-2010 school year, the data reported in this report are divided into four school types that reflect the differences in divisions that govern the approval of these programs. The following are the four school types, their governing division, and grade ranges:

Nonpublic School Type	Governing Division	Grade Range
Nursery School	Division of Early Childhood, Office of Childcare	Ages 2, 3, 4
Church-Exempt Schools	Division of Educator Certification and Program Approval, Nonpublic School Approval Branch	Ages 2, 3, 4 and Grades K-12
Private Schools	Division of Educator Certification and Program Approval, Nonpublic School Approval Branch	Ages 2, 3, 4 and Grades K-12
Publicly Funded Schools	Division of Educator Certification and Program Approval, Nonpublic School Approval Branch	Grades K-12
