RAP CLUB: A UNIVERSAL TRAUMA-INFORMED INTERVENTION FOR 8TH GRADERS

Dr. Tamar Mendelson, PhD

RAP Club is a school-based, trauma-informed universal prevention program to support student mental health. Dr. Tamar Mendelson from the Johns Hopkins Bloomberg School of Public Health will present on mental health benefits of the RAP Club program for 8th graders' transition into high school and will describe plans for a future RAP Club study. Your input and partnership are welcome!

A short presentation on the WSCCC Model and Mental Health Infographic and a Maryland Legislative Update from the UMD School of Law will follow
