**To:** Members of the State Board of Education  
**From:** Mohammed Choudhury, State Superintendent of Schools  
**Date:** August 22, 2023  
**Subject:** State Board Budget Review – Public Session

---

**Purpose**

This document is to review major budget realignment information for the reporting month of July 2023. There are no budget alignment requests to be approved by the State Board for this time period. Items are included for informational purposes.

**Background/Historical Perspective**

As a part of the monthly consent calendar, the State Board reviews and authorizes budget adjustments affecting the current fiscal year’s appropriation. Some adjustments require State Board action; others are reflected for information purposes only.

**Budget Amendments (State Board Action Items)**

Budget Amendments are required whenever an increase is requested for the current budget appropriation at the budgetary program and appropriated fund level (i.e., General, Special, Federal or Reimbursable Funds). The following are types of adjustments that require State Board approval:

Reconciling to grant awards received (Increases) – Special Fund and Federal Fund amounts included within the original appropriation are based upon estimated receipts. When the fiscal year begins and the actual grant or a more accurate estimated amount is higher, an adjustment is made to reflect the full amount.

Carryover from prior fiscal year – Federal Fund carryover results from the federal fiscal year overlap of three months as compared to the State fiscal year, and from the Tydings Amendment, which allows some federal formula grants to be spent for an additional 12 months. These adjustments are required to make maximum use of the grants.

Transfers between budgetary programs – The allocation of the funds between the budgetary units and between programs within the budgets are based upon original estimates available when the budget is prepared. During the fiscal year it may become necessary to adjust this allocation.

Reconciling to the approved Indirect Cost rates – on occasion, the actual indirect cost rates received may be materially different from the rates used in preparation of the budget. In those cases, it may be necessary to reallocate the assessment against non-State funds.

Reorganizations – Organizational changes that cross budgetary programs are reflected by a budget amendment.

### **Other Budget Adjustments (State Board Information Items)**

The following types of adjustments are shown for information purposes only:

- Recognition and Subsequent Release of Withheld Allotments – Withheld Allotments are funds appropriated in an agency’s budget that have been held back pending the resolution of one or more contingencies identified in the annual Budget Bill. The funds are not made available to the agency until the identified condition(s) have been met.
- Deficiency Appropriations – Once Deficiency Requests are approved by the General Assembly as part of the Budget Bill, the approval is shown for information purposes.
- Reconciling to grant awards received (Decreases) – The opposite of the adjustment type described above under Budget Amendments. These are decreases to the appropriation level in the agency budget to recognize lower than budgeted grant awards or Special Fund attainment.
- The budget document has several sections:
- The cover memo indicates whether there are items requiring approval or information items.
- The Synopsis of Current Pending Items (if any) – On an item-by-item basis this explains and justifies any items presented for State Board approval. These items are identified as numbers (i.e., Item 1, Item 2, etc.).
- The Summary of Current Pending Items (if any) – This summary schedule reflects the amount by budgetary program of each of the approval items.
- The Synopsis of Information Items (if any) – On an item-by-item basis this explains and justifies any items presented for State Board information. These items are identified as letters (i.e., Item A, Item B, etc.).
- The Summary of Information Items (if any) – This summary schedule reflects the amount by budgetary program of each of the information items.
- The Budget Adjustment Detail – This schedule presents information regarding the overall budget status and the effects of the adjustments being presented in the current month. The schedule presents the budget by Budgetary Unit (i.e., Headquarters, Aid to Education, Funding for
- Educational Organizations, Children’s Cabinet Interagency Fund and the Maryland Longitudinal Data System Center, Maryland Center for School Safety, Interagency Commission on School Construction, and the Office of Inspector General of Education), by budgetary program and by appropriated fund. The columns reflect the following information:
  - The first column reflects the program and fund titles.
  - The second column, “Original Appropriation,” reflects the original appropriation level for the fiscal year.
  - The next two columns, “Approved Adjustments,” reflect adjustments that have already been made to the budget. The “DBM” column reflects adjustments made to the official appropriation level. The “MSDE” column includes those adjustments as well as decreases that would not be reflected in the official appropriation.

- The following two columns entitled “Approved Appropriation” reflect the sum of the original appropriation and the approved adjustments for DBM and MSDE, respectively.
- The next two columns reflect pending budget amendments:
  - “Prior” shows pending amendments that have been before the State Board in an earlier month but have not yet been approved; and
  - “Current” shows the items being presented to the State Board for the review/approval period.
- The final column shows the Information Item adjustments. No action is required; this information is for discussion only.

**Action**

No action is required. There are no budget alignment requests to be approved by the State Board for this time period. The following pages are included for information on the current budget status.
