Part 4 - Ten-Year Summary

INTRODUCTION

Selected Financial Data is an annual four-part publication of the Maryland State Department of Education. Part 1 includes information about the sources of funding for the local education agencies (LEAs) of Maryland. Part 2 contains expenditure information, reported by expenditure object within state expenditure category. Part 3 provides per pupil cost information about the expenditure categories of the LEAs, and Part 4 is a ten-year summary of selected information from Parts 1-3.

OVERVIEW

Maryland LEAs are required to annually budget and account for expenditures in accordance with the budget categories identified in Section 5-101 of the *Education Article of the Annotated Code of Maryland*. The *Financial Reporting Manual for Maryland Public Schools* provides interpretation of this law and delineates a structure for reporting expenditures. This structure includes fund accounting concepts in which resources are segregated for the purpose of carrying on specific activities or meeting specific objectives. The fund-types reported by the LEAs are the Current Expense Fund, School Construction Fund, Debt Service Fund, Food Service Fund, Student Activities Fund, and Trust and Agency Fund. Revenue and Expenditures for the Trust and Agency Funds and the Student Activity Fund that are treated as custodial funds are not included in the tables which follow.

DEFINITIONS

Assessed Valuation - the value of real and personal properties that are subject to property taxes. Assessments of real property are based upon estimates of market value. Value of personal property is based on information provided on personal property tax returns of Maryland businesses.

Current Expense Fund - the fund used to account for the basic and routine operations of the LEA, comprised of the general fund and those special revenue funds available for general fund purposes. Expenditures in this fund are reported by expenditure category and object.

Debt Service Fund - the fund used to account for the payments of interest and principal on long-term general obligation debt and state loans, excluding obligations incurred by the State of Maryland for construction of public school facilities. Debt issuance and repayment is the responsibility of the parent government of each LEA, except Baltimore City. Baltimore City Public Schools had been authorized to issue bonds for cost of projects under the section 4-306.2 of the Education Article of the Annotated Code of Maryland. All Maryland LEAs are required to annually report their portion of long-term debt issued for local education purposes.

LEA - local education agency, or the entity created to provide educational services for constituents.

School Construction Fund - the fund for the purposes of recording all transactions relating to major school construction or remodeling projects.
