**Committee Chair/Co-chairs:** Lyndsey Brightful, Dr. John Staley

**Members:** Erin Ferdinando, Rebecca Gary, Danielle Glen, Dr. Karen Karp, Stacie Marvin, Lisa McKinnon, Jen Meehan, Robert Richardson, John San Giovanni, Dr. Beyunka Scates, Amy Stoops, Therman Trotman, Hattie Webb, John Staley

**Today's Attendance:** Erin Ferdinando, Rebecca Gary, **Danielle Glen, Dr. Karen Karp, Stacie Marvin, Lisa McKinnon, Jen Meehan, Robert Richardson, John San Giovanni, Dr. Beyunka Scates, Amy Stoops**, Therman Trotman, **Hattie Webb, John Staley**

**Next meeting (day and time):** Wednesday, November 20, 2024

### MEETING NOTES

#### Welcome and Overview of Meeting

- Call to Order at 3:33pm
- Jen Meehan reviewed the transition to the Canvas site from Sharepoint and how to navigate
- Robert Richardson reviewed meeting outcomes from the subcommittee work
- Robert Richardson reviewed agendas
- Motion to approve minutes from Meeting #4. Moved by John San Giovanni, seconded by Danielle Glenn. 11 in favor, 1 abstention, motion passes to accept the minutes from the last meeting.
- Review of Timeline of Progress and Snapshot.
- Subcommittees went into breakout rooms to continue their work.

#### PreK-6 Subcommittee Breakout

- Reviewed individual committee notes on Grade 1 standards and discussed additions, edits, and clarifications needed.
  - Identify specific strategies within standard language to ensure development of these strategies.
  - Number lines are not currently a focus in Grade 1 but need to be. Make connections to Number Paths in K (which may need to be more explicit in standards).
- Reviewed the drafted revisions of PreK standards and worked to reach consensus on revisions.
  - Revisions made to provide additional clarity, including precise language, number limits, and specific strategies.
  - Additional discussion is needed around PK.MD standards.

#### Grade 7 – Integrated Algebra Subcommittee Breakout

- Completed review of Number & Quantity standards reviewed in last meeting

- Began review of Seeing Structure in Expressions, Creating Equations, Reasoning with Equations and Inequalities, and Building Functions and Understanding Functions Standards
- Began discussing what should be included in main standards document?
  - Lots of examples/options - three were shared – GA, KY and SC
  - How can the SMPs be included in the standards to specifically call them out?
- Dr. Staley moved to adjourn, Seconded by D. Greene, all voted to adjourn.

### **Actions and Next Steps**

- Prior to next meeting, Jen Meehan will share refined PreK- Grade 1 standards. PreK-6 subcommittee members will review revisions. PreK-6 subcommittee members will also review sample state standards and identify components that support the clarity and the ease of use that may be applied to Maryland's final standards documents.
- Meeting adjourned 5:30 p.m.
