## Introduction

This report contains data on the number of suspension incidents in each local school system and school during the 2006-07 school year. The data have been disaggregated by gender and race. The counts of suspension incidents for students with disabilities are also reported. For the first time, student suspension data are available for reporting by Out-Of-School Suspensions, In-School Suspensions, and Combined In-School and Out-Of-School Suspensions. This report includes Combined In-School and Out-Of-School Suspensions.

If there were no suspensions for a particular characteristic within a school, then the characteristic is omitted from this report for the school. If there were no suspensions reported for a school, then the school is excluded from this report.

Each suspension offense has been categorized into eight major categories of suspension. The following list shows which suspension offenses are included in each major category. Definitions of the suspension offenses are described in the *Maryland Student Records System Manual, 2007*.

Please note that these are aggregate counts of the suspension incidents reported and are in no way intended to meet any specific legislative requirements. The regulations used in determining which elementary schools exceeded a suspension rate of 18%, in accordance with Section 7-304.1 of the Education Article of the Annotated Code of Maryland were finalized in September, 2005. In addition, the identification of persistently dangerous schools cannot be determined based solely on these data.

The sum of the subgroup data in this report may not equal all students suspended from the school based on suppression of less than 5 students in membership within a subgroup.
