

Purple Star Schools Application

Division of Student Support, Academic Enrichment, and Educational Policy

The Purple Star Schools Program was established by Education Article §7-129, approved by the Maryland General Assembly in 2022. Along with 37 other states, Maryland joined this nationwide initiative aimed at recognizing and supporting the unique needs of students whose parents or guardians serve in our country's armed forces.

The State Board adopted [COMAR 13A.06.10 Purple Star Schools Program](#) in February 2023. At minimum, schools seeking Purple Star designation must demonstrate that they have 1). **A military liaison** who serves as the point of contact for military-connected students and their families; 2). An easily accessible **resource webpage for military-connected students and their families** containing information that facilitates a smooth transition to the school; 3). **A peer-led transition program** tasked with orienting military-connected students to the school's physical and academic environments; and 4). **Appropriate training for school staff** aimed at fostering an understanding of life as a military-connected student.
