\(^1\) Md. Code Ann., Educ. § 1-101(g) “Elementary and secondary education” means education and programs of education from and including preschool through the end of high school and their equivalent.

\(^2\) COMAR 13A.09.10.02 (11) “Elementary school” means an educational program that is provided by a teacher to students in any grade or consecutive sequence of kindergarten and grades 1-8, consisting of instruction in English language arts, mathematics, science, social studies, and, if applicable, other curricular areas.
2020 Federal poverty threshold ($48,470 for a family of four). To obtain a count of students from low-income families enrolled in a Nonpublic School, a Nonpublic School may use one or more of the following sources of data, provided the poverty threshold is consistent across sources:

- Free and reduced-price meals (FARM) data;
- Scholarship data; or
- Financial assistance data.

Current enrollment is based on the 2021-2022 school year. However, federal guidelines require the use of the 2020 Federal poverty threshold.

Note on impact: A Nonpublic School is most impacted by the COVID-19 emergency based on one or more of the following factors (see the Maryland COVID dashboard for statewide data):

- The number of COVID-19 infections per capita in the community or communities served by the Nonpublic School;
- The number of COVID-19-related deaths per capita in the community or communities served by the Nonpublic School;
- Data on the academic impact of lost instructional time and the social, emotional, and mental health impacts on students attending the Nonpublic School attributable to the disruption of instruction caused by the COVID-19 emergency; or
- The economic impact of the COVID-19 emergency on the community or communities served by the Nonpublic School.

**Allowable Services and Assistance**

A Nonpublic School may receive services or assistance under the ARP EANS program to address educational disruptions resulting from the COVID-19 emergency for:

- A. Supplies to sanitize, disinfect, and clean school facilities;
- B. Personal protective equipment (PPE);
- C. Improving ventilation systems, including windows or portable air purification systems to ensure healthy air in the Nonpublic School;
- D. Training and professional development for staff on sanitation, the use of PPE, and minimizing the spread of infectious diseases;
- E. Physical barriers to facilitate social distancing;
- F. Other materials, supplies, or equipment to implement public health protocols, including guidelines and recommendations from the Centers for Disease Control and Prevention (CDC) for the reopening
and operation of school facilities to effectively maintain the health and safety of students, educators, and other staff during the COVID-19 emergency;

G. Expanding capacity to administer coronavirus testing to effectively monitor and suppress coronavirus, to conduct surveillance and contact tracing activities, and to support other activities related to coronavirus testing for students, teachers, and staff at the Nonpublic School;

H. Educational technology (including hardware, software, connectivity, assistive technology, and adaptive equipment) to assist students, educators, and other staff with remote or hybrid learning;

I. Redeveloping instructional plans, including curriculum development, for remote learning, hybrid learning, or to address learning loss;

J. Leasing of sites or spaces to ensure safe social distancing to implement public health protocols, including guidelines and recommendations from the CDC;

K. Reasonable transportation costs; and

L. Initiating and maintaining education and support services or assistance for remote learning, hybrid learning, or to address learning loss.

Awarded services and assistance may not be used for and will not include:

- Reimbursement for items or services purchased.
- Pursuant to ARP EANS statutory requirements and unlike the EANS program authorized under section 312(d) of the CRRSA Act, the MSDE may not use ARP EANS funds to provide reimbursements to any Nonpublic School.
- All services or assistance provided (including equipment, materials, and other items) shall be secular, neutral, and non-ideological.

Notes:

- Nonpublic Schools may request service or assistance, which the MSDE procures through a state-approved vendor.
- The MSDE must retain title to materials, equipment, and property purchased for the ARP EANS program. Section 312(d)(7) of the CRRSA Act, for example, requires an SEA or another public agency to keep title to materials, equipment and property purchased with EANS funds and the public agency must administer such materials, equipment, and property.
- Additionally, 34 C.F.R. § 76.661 requires that equipment and supplies purchased with EANS funds must be able to be removed from a non-public school without remodeling the non-public school facility. Moreover, under 34 C.F.R. § 76.662, an SEA is prohibited from using EANS funds for construction.

Note on Priority Order: If the value of services and assistance requested exceeds the total available funding amount, the MSDE will determine the available funds for each site using the proportion of low-income students. The MSDE will determine the services and assistance for each Nonpublic School based on the priority order the Nonpublic Schools identified for requested services and assistance in the grant application. The MSDE will then issue application award notices that include approved and unapproved requests for each applicant and application denial and explanation notices to each denied applicant.
Application

Applications for program participation can be accessed through the ARP EANS II online application. This form allows eligible Nonpublic Schools to identify services and assistance under the ARP EANS II program. Applicants will request allowable services and assistance. In addition, applicants will designate the priority level of each service and assistance requested for their school.

Review Process

The MSDE will determine the services and assistance for each Nonpublic School based on the priority order the Nonpublic Schools identified for requested services and assistance in the grant application. If the total request(s) exceed total funds for an eligible applicant, the MSDE will move down the priority order until it identifies requests it can provide in full within the available award amount. The MSDE will then issue application award notices that include approved and unapproved requests for each awarded applicant and application denial and explanation notices to each denied applicant.

Applications and any supporting documentation must be submitted by 11:59 p.m. EST July 15, 2022.

Once an application is submitted, the MSDE will review the application to confirm eligibility and examine the services or assistance being requested. At the conclusion of the grant application window, the MSDE will examine all requests from eligible Nonpublic Schools and will determine:

1. The approval of an applicant’s requests as determined by the capacity of the MSDE to administer via direct service or assistance the items included in the grant application submission; and

2. The aggregate, total cost, and scope of all approved requests from eligible applicants.

If request(s) exceed total funds available, the MSDE will use the Nonpublic Schools’ priority ranking of items requested to determine request it can provide in full within the available award amount. After award amounts and services/assistance are determined, the MSDE will begin the process of procuring the service and/or assistance from existing available state contracts and/or intergovernmental cooperation purchasing agreements.

The MSDE will need to seek approval of all contracts by the Board of Public Works. Program administration will continue upon the successful completion of procurement with the Board of Public Works. The MSDE or a third-party vendor will then coordinate and distribute procured services and assistance to awarded applicants.

At the conclusion of the grant period, the MSDE will retain ownership of MSDE-controlled assets administered through the ARP EANS II program.

The General Education Provisions Act (GEPA), Section 427

Each application must develop and describe the steps the applicant proposes to take to ensure equitable access to, and equitable participation in, the project or activity to be conducted with such assistance, by addressing the special needs of students, teachers, and other program beneficiaries in order to overcome barriers to equitable participation.

ARP EANS II SAMPLE APPLICATION
Default Question Block

The American Rescue Plan (ARP) Emergency Assistance for Nonpublic Schools (EANS) II program provides emergency assistance or services to eligible nonpublic schools in the wake of the COVID-19 pandemic. The purpose of the program is to address educational disruptions caused by the COVID-19 emergency. The EANS II is a part of the Governor's Emergency Education Relief (GEER) fund, and of which the Maryland State Department of Education (MSDE) must administer.

The MSDE cannot pass funds to Nonpublic Schools to administer. Additionally, EANS II is not a grant program. Instead,
the law requires that the MSDE directly provide services or assistance to nonpublic schools. The MSDE owns and retains control of and title to any materials and equipment purchased as part of the EANS II program.

All applications must be submitted by 11:59pm on July 15, 2022.

The MSDE must maintain control of services and assistance provided to a nonpublic school under the EANS program and retail title to materials, equipment and property purchased with such funds. The MSDE must administer such funds, materials, equipment, and property. Therefore, the MSDE will assume ownership and title to all materials, equipment and property purchased using EANS funds.

The recipient must retain all records of the services and assistance relating to the EANS program for a period of three years, or longer if required by federal regulation. Such records shall be made available for inspection and audit by authorized representatives of MSDE.

The nonpublic school will maintain an inventory of all services and assistance under the EANS program, including the location of materials.
