Introduction

The Methods of Administration (MOA) program aims to ensure that all students have equal access to high-quality career and technical education (CTE) programs. MOA is facilitated through the United States Department of Education Office of Civil Rights. The Maryland State Department of Education (MSDE) is the lead agency responsible for administration of MOA requirements across the state of Maryland. The Maryland MOA plan describes how the MSDE will implement federal MOA requirements to support equitable student access to CTE programs of study. The Maryland MOA plan is purposefully aligned to the [Maryland CTE Four-Year State Plan](#), which was approved by the United States Department of Education in May 2020, to ensure a consistent approach to CTE statewide.

CTE programs of study are implemented in 24 local school systems, 15 community colleges, and 22 state-operated programs (e.g. Juvenile Services Education and Adult Correctional Facilities). Each entity that implements a CTE program of study and receives federal funds (referred to as “recipients” throughout this document) is required to adhere to MOA and [Perkins V](#) requirements. The Division of Career and College Readiness at the MSDE is responsible for facilitating the compliance review process to ensure that all recipients adhere to federal requirements established by MOA and Perkins V. Traditionally, MOA and Perkins compliance reviews were completed in isolation of each other. Beginning in the 2020-2021 school year, MOA and Perkins compliance reviews will be consolidated to one comprehensive review process for CTE. Consolidated reviews support a holistic approach to monitor compliance with MOA and Perkins V requirements, review implementation, assess outputs, and measure effectiveness of CTE statewide. The Division of Career and College Readiness will use outcomes from compliance reviews to inform technical assistance, professional learning experiences, and resources provided by the state to recipients to support implementation of practices that support equity in CTE programs statewide.

MOA Plan Development

Educational equity is a priority for the MSDE. In October 2019, the Maryland State Board of Education established educational equity as a matter of policy and priority in Maryland public schools. Code of Maryland Regulation [13A.01.06](#) require the following:

- Each Maryland public school will provide every student equitable access to the educational rigor, resources, and support that are designed to maximize the student’s academic success and social/emotional well-being;
- Each local school system’s procedures and practices provide for educational equity and ensure that there are no obstacles to accessing educational opportunities for any student; and
- Achievement will improve for all Maryland students and achievement gaps will be eliminated.

Equity is also the cornerstone of the Maryland CTE Four-Year State Plan and [Maryland State Plan for Postsecondary Education](#), which informed MOA plan development.

Over the course of the last year, the Division of Career and College Readiness collaborated with over 300 stakeholders to revise the vision and direction for CTE in Maryland to ensure that all students have equitable access to high-quality CTE programs of study. The revised vision ([Figure 1](#)) and direction for CTE is defined in [the Maryland Career and Technical Education Four-Year State Plan](#). The Maryland MOA Plan aligns to the revised vision and direction for CTE.

Figure 1: Vision for CTE

The Maryland MOA Plan is

- ✓ grounded in the state’s vision and mission for CTE and the Maryland CTE Four-Year State Plan;
- ✓ guided by requirements of the federal
 - [Strengthening Career and Technical Education for the 21st Century Act \(Perkins V\)](#),
 - [Guidelines for the Eliminating Discrimination and Denial of Services on the Basis of Race, Color, National Origin, Sex and Handicap in Vocational Education Programs \(MOA Guidelines\) \(34 C.F.R. Part 100, Appendix B\)](#),
 - [Title VI of the Civil Rights Act of 1964 \(34 C.F.R. Part 100\)](#),
 - [Title IX of the Education Amendments of 1972 \(34 C.F.R. Part 106\)](#),
 - [Section 504 of the Rehabilitation Act of 1973 \(34 C.F.R. Part 104\)](#),
 - [Title II of the Americans with Disabilities Act of 1990 \(28 C.F.R. Part 35\)](#); and
- ✓ informed by the [Maryland Workforce Innovation and Opportunity Act \(WIOA\) State Plan](#), [Maryland State Plan for Postsecondary Education](#), and the [Maryland Commission on Innovation and Excellence in Education](#).

Input from stakeholders informed the development of the Maryland MOA plan. Invitations to participate in MOA Stakeholder Virtual Meetings were sent to individuals representing industry, business, higher education, local school systems, professional organizations, state agencies, and [special populations](#) groups. Stakeholders groups met virtually on June 24, 2020 and June 25, 2020 to review and provide feedback on the draft Maryland MOA plan. The Division of Career and College Readiness led all meetings.

Meetings began with a general session that provided an overview of MOA requirements and the impact of MOA on CTE. After the general session, two breakout sessions were facilitated. One session provided the opportunity for participants to provide feedback on the selection criteria and ranking procedures used to identify recipients for MOA compliance reviews. The second session provided the opportunity for participants to provide feedback on MOA review criteria and process. After breakout sessions, meeting participants reconvened to review content discussed in breakout sessions, provide input on the technical assistance section of the MOA plan, and discuss next steps. All meeting were recorded and posted publically on the [Methods of Administration](#) webpage. [Table 1](#) identifies meeting dates, participants, and outcomes.

Feedback from virtual meetings included:

- revise language in review criteria to reflect both secondary and postsecondary environments;
- include measures that account for smaller school systems in the analysis of data as smaller sampler sizes may provide less meaningful information on student group representation from year to year;
- incorporate corrective actions in Perkins Local Applications;
- expand technical assistance prior to identification and throughout the review process;
- communicate MOA requirements with executive leadership at school systems, community colleges, and state-operate programs;
- identify staff who would serve on a MOA review coordination group for a local school system or community college; and
- provide monitored systems with sample documents of typical findings, violations, and remedies.

Feedback provided was used to revise the MOA plan and supporting technical assistance documents.

The Maryland MOA Plan was posted publically on the [Methods of Administration](#) webpage on the MSDE website along with a [link](#) to provide feedback. The announcement to provide feedback was shared via social media and through emails to stakeholder groups. Only two comments were received online and both comments were in support of the MOA plan.

Overall, the majority of stakeholders agreed with the outlined MOA selection criteria, ranking process, review criteria, monitoring process, timetable, and MOA plan.

Approval of the Maryland MOA Plan

The MSDE is the sole agency responsible for approval of the Maryland MOA Plan. The final plan was presented to the Assistant State Superintendent of the Division of Career and College Readiness, the Deputy Superintendent of Teaching of Learning, and the State Superintendent of Schools for approval. Refer to [Appendix A](#) for approval signatures.

After final approval was received, the Maryland MOA Plan was submitted to the United States Department of Education, Office of Career Technical and Adult Education by the July 2020 deadline.

Plan for Performing Oversight Responsibilities

The Maryland MOA Plan for Performing Oversight Responsibilities identifies Maryland's compliance plan to prevent, identify, and remedy discrimination based on race, color, national origin, sex, and disability in CTE programs of study. It also outlines the plan to analyze civil rights data and information; analyze Perkins V data and requirements; conduct periodic compliance reviews both in-person and virtually; notify recipients of illegal discrimination to remedy; and address corrective actions.

Recipient Universe

Recipients are each entity that implements a CTE program of study and receives federal funds. All recipients are required to adhere to MOA and [Perkins V](#) requirements. Maryland recipients include 24 local school systems, 15 community colleges, and 22 state-operated programs. The five largest school systems in the state, those enrolling 75,000 or more students, are subdivided into regions. MOA compliance reviews occur at the school level. Regionalizing larger school systems ensures that the state can facilitate a review process that accurately reflects equitable practices across the entire school system. The school systems that are subdivided include:

- Anne Arundel County - 2 regions,
- Baltimore City - 4 regions,
- Baltimore County - 5 regions,
- Montgomery County - 6 regions, and
- Prince George's County - 5 regions.

Community colleges with multiple campuses are represented as single sites for the purpose of compliance reviews. As a result, Maryland includes a total of 78 recipients including:

- 41 Local school system regions,
- 15 Community colleges, and
- 22 State-operated programs.

Local School Systems: There are 24 local school systems in Maryland. Large school systems are subdivided into smaller regions. [Table 2](#) list local school systems and the year(s) they have participated in on-site MOA and Perkins reviews.

State-Operated Programs: There are 22 state-operated programs that provide approved occupational programs. State-operated programs are offered in adult correctional facilities and juvenile residential facilities. Traditionally, state-operated programs did not participate in the Perkins review process. Moving forward, all state-operated programs will be required to participate in compliance reviews for MOA and Perkins. All state-operated programs are open-entry/open-exit with participation based on those meeting institutional criteria. [Table 4](#) list state-operated programs and the year they participated in an MOA review.

Processes and Procedures to Conduct Compliance Reviews

Compliance reviews will be facilitated on-site or virtually by a team led by the Division of Career and College Readiness. [Appendix B](#) identifies team leads for compliance reviews. The team aims to conduct a total of ten compliance reviews per year. The bulleted list identifies the projected number of reviews that will occur per year for secondary, postsecondary, and state-operated institutions, which include a minimum of two secondary reviews and one postsecondary review.

- Secondary – 5 reviews
- Postsecondary – 3 reviews
- State-Operated Programs – 2 reviews

Reviews will either be on-site or virtual. Both type of compliance reviews will require interviews and submission of evidence by the recipient to the Division of Career and College Readiness demonstrating that all criteria have been met.

Selection Plan

The Selection Plan, referred to as the Targeting Plan in the Federal Memorandum of Procedures, outlines how recipients will be identified for compliance reviews and the type of review (on-site or virtual) that will be facilitated. The Selection Plan has been developed to:

1. include criteria that focus on maintaining equal access to all CTE programs of study regardless of gender, race, and special population student groups;
2. support and encourage advancement in achieving equitable education opportunities and attainment of performance targets for students in protected classes; and
3. focus on the quality and effectiveness of CTE programs of study.

Selection Criteria

Recipients will be selected for compliance review based on established criteria and benchmarks used to

- measure the level of CTE access by demographics,
- identify performance inequities among various student groups in meeting Perkins performance targets, and
- direct attention to recipients who may require support in maintaining and growing the quality and effectiveness of their programs of study.

Disparity percentage benchmarks were developed in alignment with Maryland's [CTE Local Needs Assessment](#) evaluation benchmarks and analysis of student group population distributions.

Local School Systems and Community Colleges: Maryland's Selection Plan includes twelve criteria used in ranking and selecting local school systems and community colleges. Points are awarded for access, equity, and quality. Cluster datasets less than ten are excluded from analysis to ensure meaningful and reliable analysis of student group disproportionality from year to year. [Table 5](#) identifies how points are awarded for each criterion.

Table 5: Selection criteria for local school system and community colleges

ACCESS	I	CTE Disproportionate Gender Enrollment	
		Enrollment percentage of students based on gender compared to recipient’s total enrollment percentage (+/-20% or greater).	+2 points assigned to each CTE cluster that is disproportionate by gender.
	II	CTE Disproportionate Disability Enrollment	
		Enrollment percentage of students with disabilities in CTE programs compared to the recipient’s total enrollment percentage of students with disabilities (+/-5% or greater).	+2 points assigned to each CTE cluster having a disproportionate enrollment of students with disabilities.
	III	CTE Disproportionate Minority Enrollment	
		Enrollment percentage of students with minority status* in CTE programs compared to recipient’s total enrollment percentage of students with minority status (+/-10% or greater).	+2 points assigned to each CTE cluster having a disproportionate minority student enrollment.
EQUITY	IV	CTE Disproportionate Economically Disadvantaged Enrollment	
		Enrollment percentage of economically disadvantaged students compared to recipient’s total enrollment percentage of economically disadvantaged students (+/-10% or greater).	+2 points assigned to each CTE cluster having a disproportionate enrollment of students from economically disadvantaged backgrounds.
	V	CTE Disproportionate English Learner Enrollment	
		Enrollment percentage of English Learner students compared to recipient’s total enrollment percentage of English Learner students (+/-5% or greater).	+2 points assigned to each CTE cluster having a disproportionate English Learner student enrollment.
	VI	CTE Disproportionate Performance for Gender	
		For each CTE cluster, the gender student group not meeting target for each performance indicator once target was met in the cluster.	+1 point assigned for each CTE cluster where a gender student group did not meet performance target for each performance indicator. (Non-traditional concentrator enrollment indicator excluded)
	VII	CTE Disproportionate Performance for Race	
	For each CTE cluster, the racial student group not meeting target for each performance indicator once target was met in the cluster.	+1 point assigned for each CTE cluster where a racial student group did not meet performance target for each performance indicator.	
	VIII	CTE Disproportionate Performance for Economically Disadvantaged	
	For each CTE cluster, the economically disadvantaged student group not meeting performance target for each performance indicator once target was met in the cluster.	+1 point assigned for each CTE cluster where the economically disadvantaged student group did not meet performance target for each performance indicator.	

EQUITY	IX	CTE Disproportionate Performance for Students with Disabilities	
		For each CTE cluster, students with disabilities not meeting target for each performance indicator once target was met in the cluster.	+1 point assigned for each CTE cluster where students with disabilities did not meet performance target for each performance indicator.
	X	CTE Disproportionate Performance for English Learner Students	
		For each CTE cluster, English Learner students not meeting target for each performance indicator once target was met in the cluster.	+1 point assigned for each CTE cluster where English Learner students did not meet performance target for each performance indicator.
QUALITY	XI	CTE Program Performance	
		For each CTE program of study, students not meeting performance target within 90%.	+1 point assigned for each CTE program of study for every year target is not met in a three-year span for each performance indicator.
	XII	Time Since Last Review	
	The number of years since the recipient’s last on-site MOA review.	+1 Index Point assigned for each year. Recipient history is calculated directly into the Index Score	

*Minority status percentage metric is defined as the combined percentages of African-American, Pacific Islander, Native American/Alaskan and Hispanic students enrolled in a sub-region.

State Operated Programs: For state operated programs, two adult facilities or juvenile facilities or a combination of the two will be selected for review each year. First priority will be given to facilities with an unknown date of last review and second priority will be given to facilities with a date of last review that occurred ten years ago or more.

Ranking Process

Specific selection data will be compiled utilizing the selection criteria as described previously and by the ranking system as described below.

Local School Systems: All local school systems will be listed based on final point assignment in order of points awarded from lowest to highest. The five local school systems with the most points will participate in compliance review each year. The local school system with the most points in a given year will participate in an on-site review the remaining four school systems will participate in virtual reviews. School systems also have the option to submit a written request for an on-site compliance review.

Exclusions: Recipients will be excluded from further monitoring reviews for the period of two years to allow for any corrective actions or actions plans to be implemented.

Tie-breakers: In the event the rankings lead to a tie, the deciding factor will be the date of last review. This would mean that the recipient with the longest time since last review will be selected over the recipient with the more recent review date.

Exceptions: (1) In a case where more than two regions of a single local school system are listed with the most points, only one of the regions in that local school system will be chosen and the next highest ranking recipient from a differing local school system will be chosen.

(2) In the event a recipient cannot be visited due to some unforeseen circumstance, then the next ranked recipient will be selected.

Community College: All community colleges will be listed based on final point assignment in the order of rank from lowest to highest. The three community colleges with the most points will participate in compliance review during the reporting cycle. The community college with the most points will participate in an on-site review and the remaining colleges will participate in a virtual review. Community colleges also have the option to submit a written request for an on-site compliance review.

Exclusions: Recipients will be excluded from further monitoring reviews for the period of two years to allow for any corrective actions/actions plans to be implemented.

Exceptions: (1) In a case where the community college selected maintains more than one campus site listed as a recipient, the recipient (campus site) with the longest time since last review will be selected over the recipient (campus site) with the more recent review date.

(2) In the event a recipient cannot be visited due to some unforeseen circumstance, the next ranking recipient will be selected.

State Operated Programs: State operated programs will not be ranked. Instead, two adult facilities or juvenile facilities will be selected for on-site reviews during the two-year reporting cycle. Priority will be given to facilities with an unknown date of last review and second priority will be given to facilities with a date of last review that occurred ten years ago or more.

Exclusions: Recipients will be excluded from further monitoring reviews for the period of two years to allow for any corrective actions/actions plans to be implemented.

Compliance Review

Recipients identified through the selection plan must demonstrate compliance with MOA criteria. Evidence for all criteria will be collected prior to facilitation of virtual or on-site reviews.

Each year, the Division of Career and College Readiness will release the list of recipients identified through the selection plan for on-site and virtual reviews. Compliance review notifications will be sent to the Superintendent, College President, or State-Operated Program Executive Administrator at least ninety days prior to review date. Recipients will be required to submit MOA Review documentation to the Division of Career and College, for a desk audit at least thirty days prior to their review date for either the virtual or the on-site review.

Recipients will be required to compile, at minimum, specific documented items and submit electronically to the Division of Career and College Readiness. The twelve MOA-specific monitoring review criteria and the aligned requested evidence are outlined in the tables on the following pages.

Administrative Criteria
Compliance Review Criteria #1

Recipient has:

- taken continuing steps to notify students, applicants, parents, employees, and unions or professional organizations that its policies do not discriminate based on race, color, national origin, sex or disability.
- provided an annual public notice of nondiscrimination prior to the beginning of each school year that advises students, parents, employees, and the general public that all CTE program opportunities will be offered to all students regardless of race, color, national origin, sex or disability or age.
- designated at least one qualified employee to coordinate efforts to comply with Section 504, Title II, Title VI, and Title IX. The recipient must notify students, staff, and the public of the name and/or title, address and phone number of designated employee(s).
- adopted and published grievance procedure for prompt and equitable resolution of complaints alleging discrimination based on sex, race, color, national origin, or disability.

Requested Evidence

- A copy of the recipient’s continuous nondiscrimination notice.
- Copies of a variety of the recipient’s publications that notify applicants, students, employees, and parents that it does not discriminate on the basis of race, color, national origin, sex, or disability.
Can include the following:

o Brochures on programs, activities	o Job announcements
o Student application	o Posters advertising various programs
o Job application	o Recruitment materials
o Catalog	o Website
o Student handbook	o School newspaper
o Staff handbook

The review team led by the Division of Career and College Readiness will carefully review all of the evidence compiled to determine if there are any areas in which the recipient was non-compliant with federal civil rights laws and/or regulations. A Letter of Findings will be issued to the Superintendent, Chief Executive Office, College President, or State-Operated Program Executive Administrator within thirty days of the completion of the virtual or on-site visit. The Letter of Findings will describe in detail any areas of non-compliance that were found, specify the necessary corrective actions to be taken by the recipient, or confirm that all areas reviewed were compliant.

If areas of non-compliance are found, the recipient will have sixty days from the date of the Letter of Findings to submit to the Division of Career and College Readiness a MOA and Perkins Compliance Plan using an MSDE template. The MOA and Perkins Compliance Plan will be required to address each finding of non-compliance with a corrective action plan, which includes a specific date by which each finding will be fully addressed and resolved.

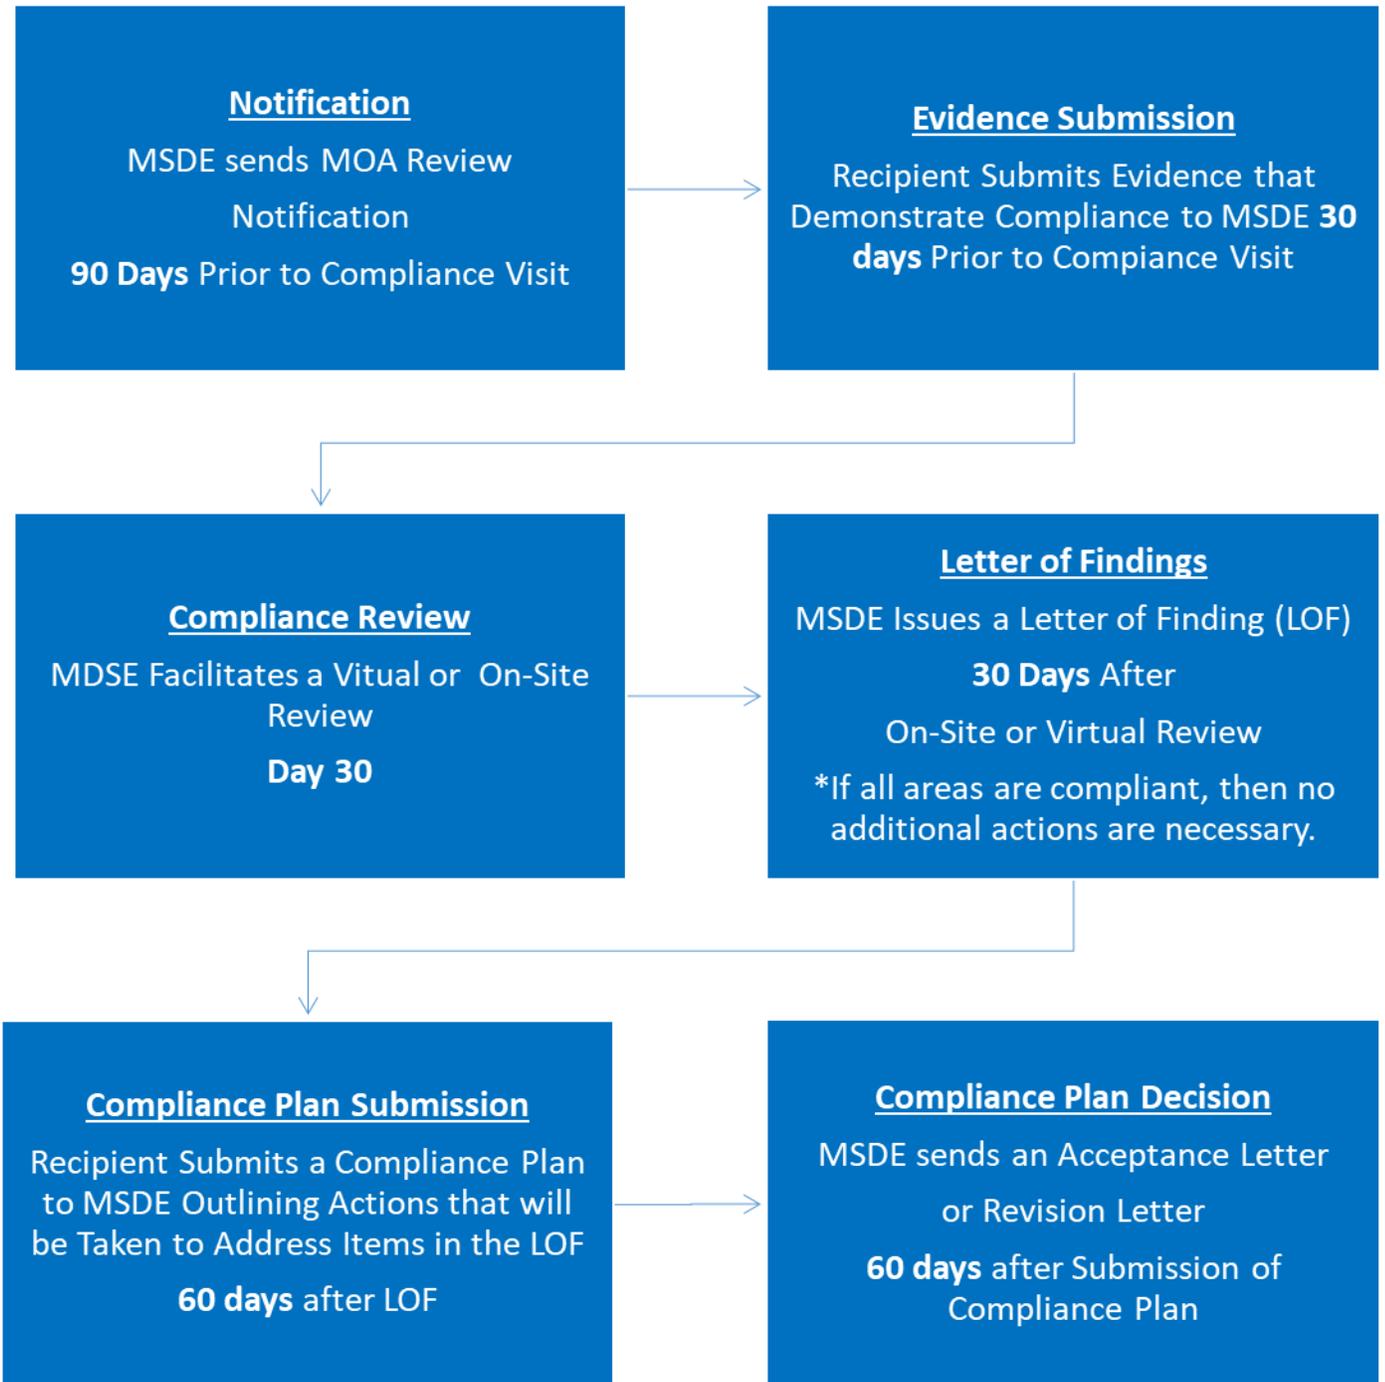

The review team will analyze materials submitted by the recipient. If submitted materials appropriately address the findings in the Letter of Findings then an Acceptance Letter will be issued by the Division of Career and College Readiness to the Superintendent, Chief Executive Office, College President, or State-Operated Program Executive Administrator. If the submitted material is found to be incomplete or insufficient then a follow-up letter will be sent by the Division of Career and College Readiness specifying the revisions that need to be made.

Once all of the necessary corrective actions have been fully addressed and completed, the recipient will be required to submit verifiable evidence for each finding to the Division of Career and College Readiness. This may include copies of completed work orders, revised documents, photos, etc. If the documentation is determined to be sufficient, a letter of Final Acceptance and Closure will be issued to the Superintendent, Chief Executive Office, College President, or State-Operated Program Executive Administrator. The Division of Career and College Readiness will follow up with quarterly updates with all reviewed recipients until MOA Compliance plans have been completed.

Technical Assistance

The Division of Career and College Readiness is committed to supporting recipients in achieving equitable outcomes for their students. Technical assistance is provided to help recipients prevent, identify, and remedy unlawful discrimination and meet federal requirements established by MOA and Perkins.

Statewide technical assistance is provided to all recipients. MOA and Perkins [data](#) is used to inform content for statewide technical assistance. Statewide technical assistance is facilitated through webinars, in-person convenings, resource development, and professional learning experiences. Quarterly meetings are held with CTE Directors of local school systems, Perkins Points of contact from community colleges, and representatives of state-operated programs. Technical assistance for MOA and Perkins are provided at quarterly meetings. There is a [CTE Blackboard](#) site for recipients where technical assistance resources (memos, presentations, bulletins, etc.) are posted. Recipients are notified when new resources are posted and when statewide meetings will be facilitated. The Division of Career and College Readiness works as a team to develop resources and facilitate statewide convenings. The list of the Division of Career and College Readiness team can be found in [Appendix C](#).

The Division of Career and College Readiness also provides case-specific technical assistance to individual recipients before or after a compliance review. Recipients can contact the Equity and Civil Rights Compliance Specialist or their assigned Career Programs and Grant Specialist with specific technical assistance request. Refer to [Appendix B](#) for the list of specialists and their assigned regions.

Recently, the [Consolidated Perkins and MOA Monitoring Program website](#) was launched. The website builds awareness of MOA and Perkins, describes MOA policies and procedures, and shares essential information about MOA and Perkins. Examples of items on the website include:

- ✓ MOA and Perkins Monitoring and Selection Plan
- ✓ MOA and Perkins Evaluation Criteria List
- ✓ MOA and Perkins Document Checklist and Review Form
- ✓ Frequently Asked Questions
- ✓ Monitoring Review Process Webinars, Presentations, and Trainings
- ✓ Staff Contact Information

A comprehensive MOA Technical Assistance Manual is also available to recipients to support implementation of requirements identified in MOA.

The Division of Career and College Readiness will continue to work with stakeholders in the development and implementation of resources that support recipients in meeting MOA requirements to ensure that all students have equitable access to high-quality CTE programs of study.
