#### Dear Parties:

The Maryland State Department of Education (MSDE), Division of Early Intervention and Special Education Services, has completed the investigation of the complaint regarding special education services for the above-referenced student. This correspondence is the report of the final results of the investigation.

#### **ALLEGATIONS:**

On April 15, 2021, the MSDE received a complaint from Mr. hereafter "the complainant," on behalf of his son, the above-referenced student. In that correspondence, the complainant alleged that the Baltimore County Public Schools (BCPS) violated certain provisions of the Individuals with Disabilities Education Act (IDEA) with respect to the student.

The MSDE investigated the following allegations:

- 1. The BCPS has not ensured that the Individualized Education Program (IEP) has addressed the student's interfering behavior of refusal to attend class since April 15, 2020, in accordance with 34 CFR §§ 300.324.
- 2. The BCPS has not ensured that the IEP has been reviewed annually, and reviewed and revised, as appropriate, to address lack of expected progress, since April 15, 2020, in accordance with 34 CFR §§300.101 and .324.
- 3. The BCPS has not ensured that the IEP has been implemented, since April 15, 2020, in accordance with 34 CFR §§ 300.101 .323, as follows:
  - a. The student has not consistently been provided with the supports required by the Behavior Intervention Plan (BIP),

- b. The student has not been provided with additional adult support,
- c. The school staff have not provided the required home school communication; and

### **FINDINGS OF FACTS:**

- 1. The IEP in effect on April 15, 2020, indicates that the student's behavioral needs include his frequent off-task behaviors, impulse control, and defiance. It states that the student's impulsivity, executive functioning, and mismanagement of emotions makes it difficult for him to concentrate in his classes and to get along with adults and peers. The IEP also states that, while in school the student elopes from the classroom, avoids classwork, and struggles with attempts to redirect him.
- 2. The IEP includes a "behavior work habits" goal that requires that the student actively work on the assigned tasks, and refrain from off-task behaviors for the duration of the activity. The "behavior problem solving goal" requires that the student will refrain from yelling, cursing and/or being verbally/physically aggressive and will accept assistance from an adult to problem solve in structured settings.
- 3. The IEP also reflects that the student requires a BIP, which was revised on May 23, 2020, and includes two (2) goals that require the student to increase his participation in class and remain in assigned areas.

<sup>&</sup>lt;sup>1</sup> The complainant alleged that the IEP was amended on May 23, 2020. During the course of the investigation, it was discovered that the date of amendment was April 20, 2020.

- 5. There is no documentation of weekly home/school email communications from the school staff to the complainant, as required by the IEP.

### April 20, 2020, Amendment to the IEP without an IEP Team Meeting

- 6. On April 20, 2020, an amendment to the IEP was made, to identify the student's services while on virtual instruction. The IEP included text-to-speech accommodations, math tools, frequent breaks, supplementary aids and supports including organizational aids. It also included goals and services for 30 minutes per week for each content area and one (1) session of on-line experience for special education instruction.
- 7. There is no documentation that the complainant was in agreement with the amendment to the IEP without an IEP team meeting.

### May 18, 2020, IEP Meeting
