IDEA Part B Federal Fiscal Years (FFY) 2021 and 2022 / State Fiscal Years (SFY) 2022 and 2023

Each Maryland local education agency (LEA) and public agency (PA) receiving federal Individuals with Disabilities Education Act (IDEA) funds are required to develop and submit an application for the expenditure of federal funds in support of special education or early intervention programs in order to provide a free appropriate public education (FAPE) for children and students with disabilities.

All LEA/PA Part B applications, budget, and postapplication submissions must comply with applicable programmatic and fiscal regulations.

The Part B Grants Submission Timeline provides guidance related to the timely application and reporting process. To ensure the use of the correct submission documents. download the forms just prior to completing them by

STATE PRIORITY FOCUS AREAS

- Family Support Services [FSS]
 - Building strong supports for children and youth with disabilities and their families
 - Parent Participation data used to inform local decisions
 - Meaningful collaboration to promote improved access and outcome for children with disabilities
 - Capacity building for families related to active & informed IEP decisions
- Local Implementation for Results [LIR]
 - Early Childhood School Readiness
 - Secondary Transition Outcomes for Youth ages 14 21
 - Access, Equity, Progress Narrowing the Gap

KEY CONSIDERATIONS

- Emphasis on the 3
 Priority Areas Pick 1, 2
 or 3
- Use a range of data for plan development
- Collaborate with Local and State Family Support Service representative

STATE PRIORITY FOCUS: LOCAL IMPLEMENTATION FOR RESULTS (LIR)

Elevating School Readiness through

- Natural & Inclusive Environments
- Effective IFSPs and IEPS
- Cross-Disciplinary Teaming Practices & Family Partnerships
- Job-embedded, Inclusive Professional Learning & Coaching
- Evidence-Based Intervention Practices

Building a Comprehensive Secondary Transition System through

- Effective IEP Secondary
 Transition Planning [ages 14 21]
- Evidence-Based Practices & Predictors with Fidelity
- Stakeholder Linkages & Implementation
- Job-embedded, Inclusive
 Professional Learning & Coaching related to CTE, Work-based
 Learning, Community & Higher Education Outcomes

Narrowing the Gap through

- Effective SDI within an Integrated Tiered System of Supports
- Access to General Education with Outcomes
- SEL & Behavioral Supports with Fidelity
- Job-embedded, Inclusive Professional Learning & Coaching
- Cross-Disciplinary Teaming Practices & Family Partnerships Practices

BEST PRACTICES FOR PLANNING

Local Implementation for Results

Grant Period: October 1, 2022-September 30, 2024 (24 months)

The LIR grants are a formula-based State priority grant opportunity provided to each LEA serving as a catalyst for addressing systemic change priorities aligned with the three Moving Maryland Forward Strategic Imperatives: Early Childhood, Secondary Transition, and Access-Equity-Progress and focused on child, student, and family outcomes and specific disparities to the federal Indicators (State Performance Plan (SPP) and Annual Performance Results (APR). Using data-driven decision making the LEA identifies the change actions including, evidence-based practices, strategic collaboration, families as engaged partners necessary to narrow performance gaps for children and youth with disabilities, ages birth through twenty-one and their families.

SFY 2023 LIR Plans are due to MSDE on or before August 15, 2022. Plans are uploaded to MOVEit.

The LEA will receive allocations aligned to the Strategic Imperatives. Flexibility options are available for the reallocation and use of the LIR State-priority funds with the approval of the Assistant State Superintendent. Funding may be realigned to address work across imperatives and/or LEAs. A change in the LEA's allocation document will be made to reflect changes.

- Work Across Imperatives: The LEA may request to increase the state-determined allocation given for a specific Imperative while decreasing the allocation for another (e.g., LEA increases the allocation for Early Childhood LIR by decreasing the allocation for Secondary Transition LIR by the same amount).
- Work Across LEAs: LEAs may request a collaborative commitment of funds among one or more LEAs working together to implement LIR plan strategies (e.g., four LEAs combine efforts and funding to sponsor capacity building activities utilizing a contracted vendor).

BEST PRACTICES FOR LIR PLAN DEVELOPMENT

- Collaborate with your MSDE Liaisons for the development and implementation your plan.
 Consider sharing a draft of the plan before getting signatures to share ideas and feedback.
- Plan activities that consider lessons learned from previous plans to continue building and sustaining a comprehensive system.
- Plan for sustainability from the beginning and revisit throughout the grant period.
- Consider both the current infrastructure factors (includes consistent messaging about evidencebased practices and allocation of resources and supports) and professional learning factors (includes staff selection, training, coaching, performance assessment/fidelity) that facilitate or impede implementation of evidence-based practices.
- Ensure that internal and external partners critical to the successful implementation of the local plan are included on the local team, with roles and expectations for participation in the plan implementation clearly articulated for all members

Maryland State Department of Education | 1

COMPREHENSIVE COORDINATED EARLY INTERVENING **SERVICES [CCEIS]**

EQUITY AND EXCELLENCE

34 CFR § 300.226, 34 CFR § 300.646

- Reserves mandatory 15% of Part B 611 & 619
- Identifies and addresses factors contributing to system level significant disproportionality
- Provides support to children with or without IEPs, age 3 through grade 12 (cannot be used fully on SWD or IEP Services)
- Uses funding to supplement not supplant State, local, and other federal funds
- Tracks and monitors expenditures aligned to use of funds

Comprehensive Coordinated Early Intervening Services (CCEIS)

What is Significant Disproportionality in Special Education?

Significant Disproportionality is the persistent overrepresentation of one or more student groups in one or more of the above categories that do not show meaningful signs of improvement. In Maryland, a local education agency (LEA) is determined to be significantly disproportionate if it has one or more subgroups of students evidencing a risk ratio of greater than 2.0 for two or more consecutive years (unless the risk ratio declines by a defined amount (.15 if less than 4.0 and .5 if over 4.0) from one year to the next. (COMAR 13A.05.02.04, Adopted May 22, 2018)

What is CCEIS?

IDEA regulations guiding the mandatory provision of CCEIS require LEAs identified by the State as having significant disproportionality based on race or ethnicity to reserve 15 percent of IDEA Part B Section 611 and Section 619 funds to implement a comprehensive system of proactive and responsive actions to address root cause
