Past Work Experience and Qualifications

In Healthcare:

Nancy Winston had a successful career as a professional in the healthcare information systems industry, focused on clinical informatics and decision support applications. She was a Director for Cerner Corporation, a Kansas City-based healthcare technology company, and her position centered on building the executive relationships between her organization and selected health systems utilizing Cerner solutions.

During her career at Cerner Corporation, Nancy had sales leadership responsibility, primarily within the academic healthcare segment of the business. During Cerner's regionalization period ('93-'97) she held the position of Regional Vice President in the Washington-Baltimore office ('96-'97). In the context of this position she conducted numerous training events for her clients.

Nancy served on the Board of Directors for the Maryland Healthcare Information Management Systems Society from 2005-2007.

In Human Rights:

Concurrent with her career pursuits, Nancy engaged deeply in the issue of human trafficking. Beginning in 1999 she began actively working along side Shared Hope International founder Linda Smith, and joined the Board of Directors in 2004, serving until beginning a full time position with Shared Hope International in January, 2008.

Current responsibilities as a Senior Director at Shared Hope include:
