**TO:** Members of the State Board of Education  
**FROM:** Karen B. Salmon, Ph.D.  
**DATE:** March 20, 2018  
**SUBJECT:** Definition for At-Risk School

---

**PURPOSE:**

The purpose of this agenda item is to share options to define an at-risk school.

**BACKGROUND/HISTORICAL PERSPECTIVE:**

[Executive Order 01.01.2016.13](#) requires all Maryland kindergarten through grade 12 public schools to open for pupil attendance no earlier than the Tuesday immediately following the nationally observed Labor Day holiday. The school year for every public school in Maryland shall adjourn no later than June 15. Local school boards may apply for a waiver of the requirements in the Executive Order if a low-performing, at-risk, or charter school adopts an innovative school schedule. The Maryland State Department of Education (MSDE) does not have a definition for an at-risk school. At-risk is a term typically applied to student groups in jeopardy of progressing academically due to circumstances that may impact educational performance. A definition for an at-risk school is needed to determine schools that would be eligible to meet waiver requirements in the Executive Order.

**EXECUTIVE SUMMARY:**

Options and a recommendation for defining an at-risk school will be presented.

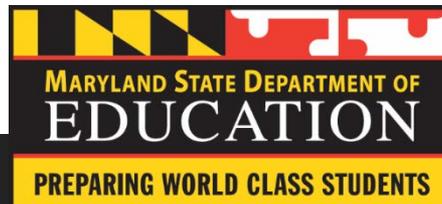

**ACTION:**

The MSDE is seeking approval for the definition of an at-risk school for the 2018-2019 school year.
